

# M8060 RADIAL

4WD

Designed for the rigors of high-speed off-roading, the Trepador Radial features high-strength materials in a robust radial design for maximum puncture resistance and high-speed stability. Staggered shoulder blocks and multi-curve siping provide extra traction edges for additional traction bite on difficult terrain.

## FEATURES & BENEFITS

- 1 Aggressive directional tread design ensures uniform tread contact and sure-footed handling.
- 2 Multi-curve tread siping provides excellent traction on loose dirt, enhanced braking and improved driving performance.
- 3 Robust edge blocks provide excellent all-terrain traction, outstanding self-cleaning ability and unbeatable puncture resistance.

# M8060 BIAS

4WD

Designed to conquer off-road terrain with ease, the Trepador Bias features a conformable bias ply casing with ultra aggressive sidewall design for excellent off-road traction on sand and rocks. To improve on-road stability and performance, the tyre also features nylon belt reinforcement for extra high-speed stability while improving puncture resistance.

## FEATURES & BENEFITS

- 1 Aggressive directional tread design ensures uniform tread contact and sure-footed handling.
- 2 Multi-curve tread siping provides excellent traction on loose dirt, enhanced braking and improved driving performance.
- 3 Robust edge blocks provide excellent all-terrain traction, outstanding self-cleaning ability and unbeatable puncture resistance.
