

BT016 Fitting Guide

Vehicle: Mitsubishi Triton
Year Model: 2007-2013
Product: Auxiliary Battery Tray
Product Code: BT016

Fits up to N70zz 12 inch case battery and N50zz 10 inch case.

1. Battery tray fits into the left hand passenger side of the vehicle under the bonnet. It replaces the existing battery tray.

3. The tray also has a support bracket that bolts to the firewall using existing bolt in the firewall. Fix the bracket to the tray using 4mm bolt & nut.

2. Once you remove existing battery tray, sit new tray into place. There is a support bracket to the engine side on the underneath of the tray and one to right front corner, it has an earth wire to it, place 2 x 4mm bolts in these threaded holes.

4. There is a support bracket under the tray and hole in the skirt. Place 1 x 6mm bolt, washer & nut through bracket and hole, and tighten all nuts & bolts.

5. Sit batteries in tray, fit battery hold downs and tighten.

Comes complete with:

- 1 x 6mm bolt, nut & washers
- 2 x 4mm bolt
- 1 x 4mm bolt & nut
- 1 x support bracket
- 1 x hold down with J hooks**
